PRESS RELEASE – October 4, 2024

JET PARTS ENGINEERING ANNOUNCES FAA APPROVAL OF 14 NEW PMA PARTS

Seattle, WA – Jet Parts Engineering (JPE) recently received FAA approval on 14 new PMA parts. Included are a coupling shaft, adjustable orifice, bushing, and retaining ring on a CFM56-7 engine, a piston guide and receiver parts on a 737, an air compressor pump kit for the A319, A320, A321, A330, and A340 aircrafts, gaskets and packing parts on the GEnx-1B engine, a bushing for the CF6 engine, and a piston ring for the 747 and 767 aircraft. These newly approved PMA parts are available directly through JPE's ecommerce website and are listed below, where you will also be able to explore the many other capabilities including DER repairs and more PMA parts.
